

## U. S. SAVES LIFE OF SONORA MAN

Suspension of Order of Jesus Ramos is Secured By Efforts of State Dept.

Washington, D. C., Feb. 15.—Representatives by the state department to the Mexican government, it was announced today, have resulted in a suspension of the order of execution pronounced upon Jesus Ramos, a wealthy Mexican of Sonora, accused of being an enemy of the Carranza government. American friends of Ramos had appealed to the state department. Assurance have been received by the department also that Dr. Malheur, the physician who performed an autopsy upon Francisco Madero, will be given every opportunity to prove his innocence at his forthcoming trial on the charges that he was implicated in president Madero's death.

## CUSTOMS MEN IN JUAREZ GET MORE PAY; ALL QUIET

By agreeing to pay the customs employees four times the sum they have been receiving, the Carranza government has secured the quietude of the customs men employed in the custom house at Juarez has been secured. Permission to increase the salaries of the 25 men employed to the clerical and military department of the custom service was granted by Santiago Gonzalez, Carranza's secretary of customs, by Carranza headquarters on Tuesday. "Everything is now moving harmoniously," said Mr. Gonzalez on Wednesday morning. "The statement that the men are to be paid in the new salary money to be issued is not true. They are to receive the same currency as in the past, only it has been increased four times before the present low quotation. When our money advances, as it will undoubtedly do, other arrangements will be made. We wish to say our men living wages and when our commanding officers learned of the facts, they immediately granted the advance in the same schedule. "We are gratified at the remarkable improvement to trade that has been during the past few days. The quantity of goods that is coming into Mexico from the states is not only doing much to effect reconstruction, but is working our department over time. We have placed a taboo on all opium into Mexico and no longer will the American authorities have to watch for opium smugglers."

## MACHINERY AND 150 VILLISTAS ARE SENT TO CHIHUAHUA

A special train left Juarez at 5 o'clock Wednesday morning for Chihuahua with a military escort of 150 men and carrying provisions and mining machinery for southern Chihuahua. In the train was a coach with 75 former Villa soldiers who surrendered to the Carranza officials during the past week at Guzman and who were granted amnesty by Gen. Gabriel Garcia. Upon their renunciation of the Villista cause, the men who surrendered at Guzman, said Gen. Garcia, are being returned to their homes in accord with the program we have adopted to exterminate the surplus men of the army as soon as possible and return them to their former homes and farms. "I personally was at the station to see the train depart and to make sure of the safety of the train. The early start was taken in order to make the trip south in all day and I hope that as a result of this trip, the first in a number of days, that the train service over the National line will become more regular."

There were no Americans in the party to go down. Order Sulzberger's Majestic Ham or Bacon today for breakfast tomorrow. "Deliciously Different."—Adv.

## TROOPS PRESS CLOSE ON VILLA

Juarez Garrison Commander Reports Many Troops Moving Against Him.

Reports from southern Chihuahua received by Gen. Gabriel Garcia, commander of the garrison at Juarez, Wednesday morning, indicate that Francisco Villa, with a contingent of 250 men is at a point between Santa Ana and San Jeronimo, some 20 miles south of Buenavista and the inference is that he is working his way southward. This position is correct, then Villa is about 75 miles northwest of Chihuahua. Gen. Garcia said: "We are pressing in upon Villa from the north, where Gen. Borja has a strong force of men at Madera; while he is being closed in from the south by two divisions from the southwest by Gen. Carranza, who is making his way northward from Guerrero, and a second column that is making its way northward from Carlsbad. I do not feel disposed to say what the strength of the forces that we are operating in this district. It is sufficiently large and well equipped."

## HIDES TO BE KEPT IN MEXICO TO ENCOURAGE SHOE MAKING

The shipment to the border recently of two carloads of hides, said to have been confiscated by the Carranza government, and sold by Gen. Luis Herrero to a New York hide house, has raised the question of what effect such a shipment would have upon the decree that no hides are to be shipped out of Mexico. Asked to give a view upon this subject, Gen. Carranza said: "On Wednesday that the reason for the decree was the desire of the Carranza government to re-establish the shoe manufacturing industry in central Mexico, and especially in Leon, where a number of big plants operate; and that the prohibition of hide shipments was to keep them in Mexico for home consumption."

"This," it was said, "did not bear upon the northern states, where no such industries exist and for that reason the hides might be shipped into America under the proper procedure and permit."

## NO CONFIRMATION OF KILLING OF MEXICAN TRAIN CREWS

"If there has been a slaughter of train crews between Torreon and Durango city," said Gen. Gabriel Garcia Wednesday morning, "we have received no notification to that effect. It is very true that the Carranza army in that country has been interrupted, but it has been interrupted for a long while. The report became current in El Paso on Wednesday that Carranza's leadership of Gen. Calisto Contreras had taken two train crews numbering between 30 and 35 men from trains running between Torreon and Durango city and shot them and that as a result of this, no crews could be secured to operate the line. Americans coming to the border on Monday night, among whom were J. E. Wilson, W. H. Carr, H. Barron and Frank Hines, said they knew nothing about it. The rumor originated with Mexicans who came up from the Parral country."

## CARRANZA TROOPS SEIZE AJUSCO FROM ZAPATISTAS

Galveston, Texas, Feb. 14.—Ajusco, a fortified Zapata stronghold in the Mexican city and Cuernavaca, was captured by Constitutional forces after a battle of several hours according to reports reaching the Mexican consulate here today. It is also reported that the Zapatistas are evacuating the city of Cuernavaca.

## "GUY JOHNSON" ASSUMED NAME

Man Killed By Mexican Bandits Was Sought By U. S. Government.

Guy Johnson, of Johnston, American ranch hand slain in Chihuahua by Mexican bandits, was in reality Guy L. Hartman, wealthy distiller in North Carolina, sought by the United States government as head of a conspiracy to defraud the government of liquor revenue amounting to hundreds of thousands of dollars. Hartman, or Johnson as he was known in Mexico, prior to his death had been working on a ranch partly owned by W. H. Aikin near Tejo-cachic, Chihuahua. Leaving the ranch, he was waylaid by bandits Dec. 24, at Basasachic, and was killed after he had himself killed five assailants. It is now declared Hartman, believing his location in Mexico had become known, was on route, when attacked, to Sonora, where he expected to find a new place of greater security. According to the information available, the government's startling disclosures last summer of internal revenue frauds in the south caused Hartman to flee to Mexico and to the indictment and prosecution of a group of southern distillers. They resulted, further, in the suicide of Knox Booth, an internal revenue official at Nashville, Tenn., last July. Hartman, in his escape, abandoned cash bond of \$20,000, it is declared. Last October, Chas. A. special attorney of the department of justice, and John L. Casper, one of the distillers now serving sentence in Leavenworth prison, were on their way to Tejo-cachic to see Hartman and he would, offer him immunity if he would testify against other alleged conspirators. But in view of the exodus of Americans from Chihuahua then in progress, they turned back at Chihuahua city and the interview did not occur.

## ZAPATISTA DEFEAT CLAIMED; ARE GIVING UP CUERNAVACA

A disastrous defeat was inflicted upon the Zapata garrison at Ajusco, the last fortified stronghold of the Southern Mexico reactionary faction Tuesday, according to a message received Wednesday at noon by the Carranza command in El Paso. The position of Ajusco is in the mountainous regions of northwestern Mexico and is the last stand between Mexico City and Cuernavaca, the headquarters of the Zapatistas. The telegram states that the latter city is being evacuated and that the probability is strong that the Zapatistas may be back before the beginning of March between Mexico City and Cuernavaca.

The message to the local consulate also states that the decree relative to exiles in the Carranza army, applies only to those who served under Huerta, Zapata and Villa. When the constitutionalists came into power there were many federalists who came over to that cause and because of their poverty and misery, they were given lands and employment in the army and government at half pay. These men are now to be dismissed. The Carranza forces continue their march upon Oaxaca city, where the remnants of an insurrection in that section are still active.

## GEN. OBREGON DENIES BREACH WITH CARRANZA

Washington, D. C., Feb. 16.—While Gen. Carranza and his party were in Guadalupe, Gen. Alvaro Obregon, commander-in-chief of the Carranza forces, made a public declaration there had been no breach between himself and the first chief, according to official advice received by the Mexican embassy designate here. Railroad shops at Aguascalientes are said to be running at full capacity. Health conditions are bad at Tampico and a number of Americans are reported destitute there.

## SENATOR FALL SAYS EUROPE WILL INTERVENE IN MEXICO

Boston, Mass., Feb. 16.—Since the United States has refused to intervene in Mexico, European nations will be forced to, according to senator A. B. Fall of New Mexico, addressing the annual banquet of the Lincoln club here Tuesday night. "Mexicans generally," he added, "hold the United States in contempt." Criticizing the foreign policy of the administration, the senator asserted that American citizens would never begin to lose confidence in the republic's form of government.

## HIDES SOLD BY CARRANZA OFFICIALS MAY BE HELD UP

Two carloads of hides, one dry and the other uncurled, were granted Tuesday and permission was granted local cattlemen with ranches in Mexico to inspect the consignments. It was discovered, it is claimed, that 80 per cent of the hides were from stock never sold under consent of the owners. The shipment was consigned to New York city and is valued at \$10,000. The buyers stated to the custom officials that the hides were purchased from de facto officials in Juarez. It is said a representative of the Cattlemen's association may make an effort to enjoin the shipment.

## 57 CARS OF LEAD AND ZINC ORE IMPORTED FROM MEXICO

As an evidence that mining is being resumed in southern Chihuahua and northern Durango, 57 carloads of lead and zinc ore were imported through Juarez by the Consolidated Kansas City Smelting and Refining company on Feb. 12, and 7 cars of zinc ore for the United States Zinc company at Hot Springs, Okla. The ore was brought up from southern points Monday night on a through freight.

## CATHOLICS ASKS U. S. AID TO REGAIN MEXICO PROPERTY

Washington, D. C., Feb. 16.—Further appeal was made today by Roman Catholic priests for restitution of church property confiscated in Mexico. The clergymen were accompanied to secretary of state Lansing's office by representative John J. Egan, of New Jersey. The property, regarding which complaint specifically was made, was held in the name of an American priest. The department already has suggested to the Mexican government the restoration.

## ROTARY CLUB IS HOST TO AD CLUB

Visiting Delegates to Ad Club Convention Speak at Weekly Luncheon.

That the paths of Rotary and the Ad club parallel in many ways was demonstrated at noon Wednesday when the El Paso Rotary club entertained the visiting delegates to the Associated Advertising clubs of Texas with a luncheon in the dining room of Hotel Sheldon. Seventy diners were present at the luncheon, many of them being members of the Ad club and the Rotary club. The guests for the day were: Prof. J. H. Treleven, university of Texas; J. H. Payne, secretary of the Associated Advertising clubs of Texas, Dallas; W. C. Brown, Tempe, Ariz.; H. T. Bostick, Fort Worth; R. E. Winger, Fort Worth; J. W. Becker, Springville, Ariz.; and A. J. McMahon, Houston.

W. E. Mix, president of the El Paso Ad club and A. E. Rowlands, president of the Rotary club, sat side by side at a central table. Mr. Rowlands presided. The only matter of business was the reading of an engraved invitation from Atlanta Rotary club asking the support of El Paso in her campaign to secure the National Rotary convention in 1917. The invitation was signed by N. E. Harris, governor of Georgia; J. G. Woodward, mayor of Atlanta; Lee M. Jordan, president of the Atlanta Rotary club; W. C. Royen, president of the Hotel Men's association; Julian R. Brechen, president Atlanta Ad club; W. W. Orr, president Atlanta Retail Merchants' association; V. H. Krieger, president Atlanta chamber of commerce, and Fred Housen, secretary Atlanta convention bureau.

Two new members were received into the Rotary club. They were J. S. Bourne, superintendent of the G. H. & S. A. railway company, and Charles P. Walker, sales manager of the El Paso Sash and Door company. Talks were made by John E. Treleven of Austin, who spoke upon the remarkable growth of Rotarianism during the past 10 years and stated the fact that he represented in education what Rotarianism stood for in business; the combining of education with business. J. H. Payne, of Dallas, spoke upon the relationship of Rotarianism and Ad clubism and the fact that they always pulled together in all the Texas cities. H. T. Bostick and R. E. Winger, of Fort Worth, both made brief talks.

## ADMITS HIS GUN KILLED HIS MOTHER

Buffalo, New York.—District attorney Dudley said today that the bullet which killed Mrs. Agnes Teiper was fired from a revolver which John E. Teiper, her son, now admits belonging to him. At first Teiper denied ownership of the gun.

Teiper's mother and brother were killed and his sister severely injured, in their auto late at night. The young man confessed he bought the gun from William S. Archer, of Orchard Park. He carried it from the house the night of the murder with five chambers loaded with 32 calibre bullets. The authorities still "demean" Teiper.

Should Miss Teiper die, John E. Teiper and his brother, Charles H. Teiper, secretary-treasurer of the Buffalo Structural Steel company, who was in New York city at the time of the tragedy, will be the sole heirs to their father's estate of \$125,000, from which their mother had a life income.

NO AUTO NUMBER ARRESTED. L. L. Butterfield was arrested Wednesday by the police on a charge of operating his auto without a license number showing on it.

TRIAL OF L. E. McCLINTOCK, arrested on complaint of violation of the moving picture theater ordinance, was postponed.

OPHELIA.

## URGE REMOVING BAN ON DANCING

Methodists Vigorously Discuss Dancing, Cardplaying and Theater Going.

Chicago, Ill., Feb. 16.—The ban of dancing and card playing in the doctrine of certain branches of the Methodist church was assailed today by representatives of the Methodist church, south, at the conference on union of Methodism, in session in Evanston, Ill. Prof. Fitzgerald S. Parker, general secretary of the Epworth league, Nashville, Tenn., told the conference. "The question of doctrine and ritual in relation to church unity are insignificant," he said. "What we need is to discontinue strife and work together toward the goal of unity."

Had Spent Six Hundred Dollars Trying to Cure His Stomach Trouble

It has been estimated that there are at least five million adults in the United States upon whom dangerous diseases are prevalent without the knowledge of the victim. It is a matter of record that 30 per cent of the hundreds of people related last year by one of the largest insurance companies on account of disease directly traceable to the stomach, liver and kidneys were unaware of their danger until the examining physician informed them of it. To these people the new herbal system, Plant Juice, is like a ray of hope. It is a modern remedy for modern ills caused by the rush and hustle of the times, and is the best tonic to be found for all ailments of the stomach, liver, kidneys and blood.

Only recently the following testimonial was received from Mr. Joseph K. Rolfe, who resides at No. 291 Plummer Avenue, Detroit, Mich., and is well-known, being proprietor for the Ford Motor Car Company. He says: "I had been sick for a long time with stomach, liver and kidney trouble and had spent over six hundred dollars in money on different remedies and treatments and I was left in a worse condition than I was before. I had been reading in the Detroit papers about Plant Juice and decided to try it. After I had used only about a bottle my stomach started to improve. I have only used one bottle and my health is so good that I can't praise Plant Juice too highly."

Plant Juice is sold in El Paso at Kelly & Pollard's Drug Store.—Adv.
